Dear Mr. Johnston:

As recommended by Mr. James Scarbrough of your office in a letter of 4 November 1991, an Interim Measures Workplan is submitted for SWMUs 4 and 5 to facilitate construction of a new Firemat Training Mock-up facility at Naval Air Station Memphis, Millington, Tennessee. Our Corrective Action Management Plan (CAMP) submitted 19 December 1991 contains a detailed schedule for implementing the Interim Measures Workplan, subsequent remediation of the site, and the design and construction of the proposed Firemat Training facility.

If you need any additional information, please contact Mr. Mark Taylor of Southern Division, Naval Facilities Engineering Command at (803) 743-0573.

Sincerely,

D H LITTON
